ABOUT US

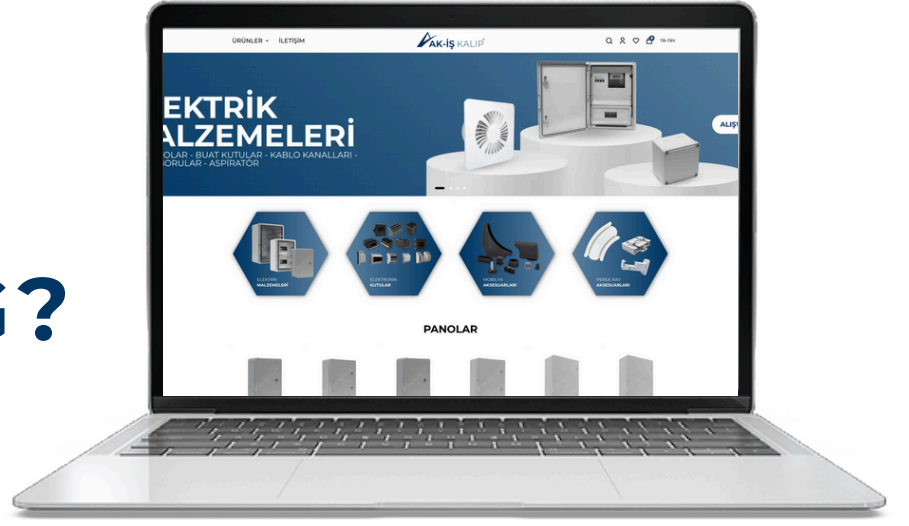

Since 1992, our company has been with a supplier and solution partner for numerous high-quality plastic products. It has proved itself through its commitment to quality, price advantage, and delivery time. Ak-İş Kalip will continue to dedicate itself to R&D and design activities in the future to address challenges faced by various sectors, both with existing products and systems.

Our Quality Policy

To ensure customer satisfaction with our products and services. To develop products that meet and exceed the needs of our customers in domestic and international markets. To use raw materials and auxiliary materials that comply with internationally accepted standards. To cultivate educated, responsible, constantly self-improving, and friendly personnel. To produce in clean and safe conditions. To closely monitor ever-changing technology and keep production techniques up-to-date. To continuously improve our production processes and quality management system. To ensure maximum quality and ensure fast, reliable, and cost-effective production.

WHAT ARE WE DOING?

Mold Design

The highly equipped AK-İŞ KALIP Mold Shop produces plastic injection molds, progressive molds, cutting molds, and forms. Mold manufacturing is also carried out.

Design and R&D

AK-İŞ Kalıp designs molds and parts using various computer programs (CATIA, MASTERCAM, SOLIDWORKS, AUTO DESK MOLDFLOW).

Plastic Injection

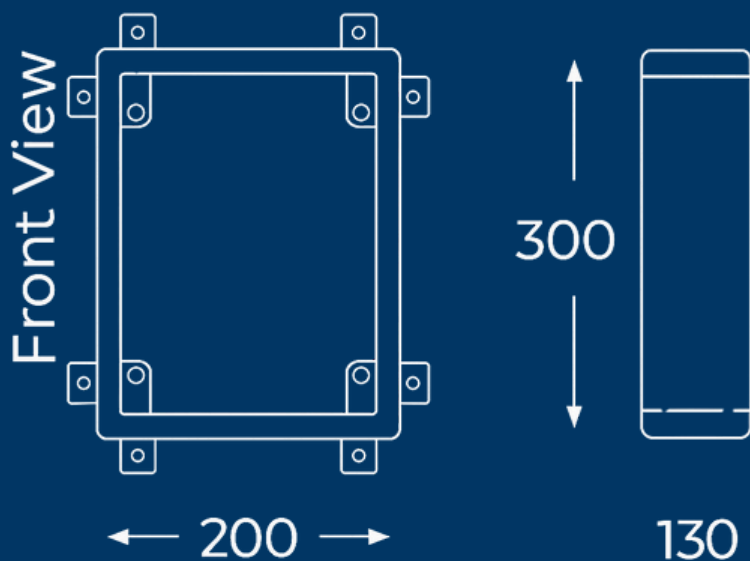

In our production department, there are a total of 18 plastic injection machines equipped with advanced technology, with tonnages ranging from 120 to 1080.

Our Brands

AK-İŞ KALIP provides the best service in following up with its customers with the SEBOX and MOBAX brands and investments it has created.
